Staying Connected:

I wanted to let everyone know that I am currently updating our contact information list. I will be available after Church over the next few weeks for updates and providing forms for those new to our congregation who would like to be included.

If you have had a change of address or phone contact number please let me know before the 2nd of June, so I can have the list completed before we move back to our Church Building in July.

Thank you for your assistance.
